 - answer all questions in the application form truthfully and fully (pre-contractual duty of disclosure).
- *during* the term of the contract:

The revocation period is met if you give notice of revocation to Chubb or post your notice of revocation by the last day of the revocation period. The right of revocation is excluded for provisional cover and coverages with a term of less than one month.

The effect of revocation is that the application to conclude a contract or the declaration of acceptance will be void. Any benefits already provided must be reimbursed. You do not owe Chubb any further payment. If it is equitable to do so, you must reimburse Chubb in part or in full for the costs of specific clarifications undertaken by Chubb in good faith with regard to the conclusion of the contract.

Within the framework of the assessment, preparation and implementation of the contractual relationship with you, Chubb processes in particular customer data (such as name, address, date of birth and nationality), data in connection with the insurance application (e.g. information on the insured risk), financial and debt collection data (e.g. information on bank details) as well as claims and benefits data (such as data required in connection with any claims and benefits). Insofar as this is necessary for contractual purposes (e.g. in connection with claims), personal data requiring special protection (such as health data) may additionally be processed.

The data is used in particular for the determination of the premium, the risk assessment, for the administration of the contract and the provision of benefits (including claims processing), for statistical evaluations and for marketing purposes.

To the extent necessary for the assessment, preparation and conclusion or performance of the contract, personal data may be disclosed to affiliated companies in Switzerland and abroad, particularly to co-insurers and reinsurers, service providers of Chubb and companies of the Chubb Group.

The data is stored electronically and/or physically in various secured databases aimed at the different processing purposes (such as policy administration, payment processing, claims processing, etc.). In particular business-relevant data is stored in accordance with statutory regulations for at least ten years from the termination of the contract and claims data for at least ten years from the settlement of the claim. Data that is no longer required is deleted to the extent permitted by law.

General Terms and Conditions of Insurance

Chubb Travel Insurance

Version 07.2024

This English translation may be used for information purposes only. The German wording prevails in case of litigation.

This insurance provides both protection from the financial consequences of various risks relating to **travel** as well as active emergency aid via Assistance.

There are three cover options available. The insurance cover for each package differs considerably in places. Please therefore ensure that you read through the following Conditions of Insurance carefully.

You are the Policyholder and thus our contractual partner. You and / or your family members may be insured persons as long as they have not attained the age of 65 years at the time the contract is concluded. The insured persons are specified in the booking confirmation from your airline and / or the insurance policy.

We as the insurer provide the contractually agreed benefits.

Part 1. General Conditions of Insurance ("Consolidated Conditions")

Chubb Insurance (Switzerland) Limited, Bärengasse 32, 8001 Zurich, hereinafter referred to as "Chubb", is liable for the benefits agreed with the Policyholder and specified in this insurance document and the policy. The benefits are specified in the General Conditions of Insurance and also by the provisions of the Swiss Insurance Contract Law (VVG).

The Consolidated Conditions for all insurance components only apply insofar as no provisions to the contrary are provided in the Special Conditions for the individual insurance components.

1. Who is insured?

Cover exists for those persons who are specified as being insured in the flight confirmation document and / or the Policyholder's policy. The insurance policy is valid exclusively for **trips abroad** for a duration of up to 30 days. Please note Part 1. Clause 9 "When is there no insurance cover?".

2. Where does the insurance apply?

The insurance applies to a trip abroad during the period of insurance and to the area of travel as stated in your policy of insurance. Please refer to the clauses "Uninsured events" (see Part 2., sections B to K, each clause IV. "Uninsured events").

3. Commencement and end of the insurance cover

3.1. Cancellation cover

Your insurance cover for travel cancellation commences upon purchasing the policy or upon the date of commencement of insurance specified in the policy, whichever is the later. This insurance cover ends upon leaving to commence the trip.

3.2. Other than cancellation cover

Insurance cover under all other sections operates for a trip during the period of cover as stated in your policy.

4. When does the contract commence and end?

The contract is concluded for the period set out in the policy. The contract shall end without requiring any notice of termination on the specified date.

4.1. If a return trip is impossible:

- 4.1.1. as a result of adverse weather conditions, strike or other employment measures or technical problems, the policy shall be extended for up to a maximum of 14 days without any additional premium.
- 4.1.2. due to unfitness to travel supported by a medical certificate and treatment beyond the end of the insurance contract is consequently necessary; or
- 4.1.3. due to the medical necessity to stay with any other insured person, the duty to provide any benefit under this contract will continue to exist until fitness to travel is restored, but for no longer than 30 days.

4.2. Your right of revocation:

In accordance with Art. 2a VVG you may revoke your application to conclude the insurance contract or the declaration of your acceptance in writing or in any other form that can be evidenced in writing (unless the right of cancellation is excluded by law). The revocation period is 14 days and commences as soon as you have applied for or accepted the contract. The revocation period is met if you give notice of revocation to Chubb or post your notice of revocation by the last day of the revocation period. **The right of revocation is excluded for provisional cover and coverages with a term of less than one month.**

The effect of revocation is that the application to conclude a contract or the declaration of acceptance will be void. Any benefits already provided must be reimbursed. You do not owe Chubb any further payment. If it is equitable to do so, you must reimburse Chubb in part or in full for the costs of specific clarifications undertaken by Chubb in good faith with regard to the conclusion of the contract.

5. What are your obligations in an insured event?

5.1. You, or other insured persons, are under a duty:

- to do everything possible to contribute to the mitigation of the loss and to investigate the circumstances of such loss (duty to mitigate loss);
 - to fully comply with your contractual or statutory duties relating to reporting, information or conduct (including immediately reporting the insured event to the contact address specified in Clause 16).
- 5.2. If the loss occurs as a result of an illness or injury, you or the other insured persons must ensure that the treating doctors are released from their duty of confidentiality and authorised to provide information to Chubb.
- 5.3. In an event of death we must be informed in such good time as to enable us to arrange a post-mortem at our expense before the funeral if it is possible that the cause of death may have been something other than the accident.
- 5.4. You must report insured events occasioned by criminal offences (e.g. burglary, robbery, malicious damage, bodily harm) to the responsible police station immediately and you must have the report certified.
- 5.5. Advance payments made by us or Chubb Assistance must be repaid within 30 days after returning to the place of residence.
- 5.6. You must inform us of the existence of other insurance policies or claims, e.g. with transport or travel companies, under which you can claim indemnity for the insured event in question; you must also inform us of claims made and indemnity payments received under such insurance as well as any third parties' obligations to provide indemnity.
- 5.7. If you or other insured persons are also able to claim benefits which have been provided by Chubb from a third party, these claims must be safeguarded and assigned to Chubb.
- 5.8. The claim for insurance benefits from us must be made in written or electronic form.

6. What are the consequences of a breach of obligations in an insured event?

If any duties to report or duties as to conduct are culpably breached and if this affects the establishment or the severity of the consequences of the loss, we shall be entitled to reduce our benefits. There shall be no reduction if it can be proved that the conduct in breach of this contract did not influence the establishment and the severity of the consequences of the loss.

7. What is required for claims against third parties (subsidiarity)?

If there are multiple insurance policies, our duty to provide benefit shall be secondary to that of other insurers. If the insured event is reported to us first, we shall provide advance benefits. The right of recourse shall devolve upon us to the extent that we have provided indemnity. This shall also apply if there is a duty for any social insurance or obligatory insurance to provide benefit (Swiss Federal Law on Accident Insurance (UVG), Swiss Federal Law on Health Insurance (KVG)). If any other company

also provides their benefits on a subsidiary basis, then the respective companies shall be responsible for the costs in proportion to their insured sums. Claims under accident endowment insurance policies are excluded from this.

8. What amount must you bear yourself? (Excess)

An excess applies to individual benefits. This sum shall always be deducted from the amount of any benefits provided by Chubb in an insured event and you must bear this excess yourself.

Please refer to your policy or the following descriptions of individual types of cover for the amount of your excess.

9. When is there no insurance cover?

- 9.1. We shall not provide any insurance cover and shall not be obliged to pay any damages or insurance benefits under this contract if such insurance cover, damages payment or benefit would expose us or our parent or holding company to a sanction, prohibition or restriction in accordance with UN resolutions or trade or financial sanctions, statutes or regulations by Switzerland, the EU or the USA.
- 9.2. In addition to the restrictions and exclusions specified in the Special Conditions of Insurance, there is in principle no insurance cover for losses incurred as a result of carrying out the following activities on the trip:
 - riding;
 - jet skiing;
 - motorcycling (motorcycles are deemed to be all motorbikes, scooters, quads or trikes with an engine capacity of more than 50 cc);

- 9.5. incurred in connection with cruises;
- 9.6. incurred on a trip where winter sports is the main reason for your trip unless you have purchased the winter sports extension. Please note that the winter sports extension removes winter sports' exclusion from the contract, but it provides no additional cover;
- 9.7. that had already occurred or should have been known at the time the insurance was concluded or the trip was booked;
- 9.8. benefits for illnesses or accidents which had already occurred at the start of the trip. There is an exception for any unforeseen acute worsening of health due to a chronic condition;
- 9.9. any symptoms or illnesses existing at the start of the trip and the consequences and complications of such symptoms or illnesses;
- 9.10. that were intentionally caused by you or other insured persons;

- 9.12. that have been caused either directly or indirectly by acts of war or civil war.

However, insurance cover exists for losses which you or any other insured person experience as a result of acts of war if you are not actively participating in the war or civil war (passive war risk).

A person also actively participates if he delivers, removes or in any other way handles equipment, devices, apparatus, vehicles, weapons or any other materials designed for warfare on the side of a war-making party.

Losses caused by terrorist attacks are also insured if such attacks are in connection with a war or civil war which is carried out outside of the war-making parties' territories.

The insurance cover excludes in any event losses caused:

- by ABC weapons (atomic, biological or chemical weapons);
 - in connection with a war or warlike conditions between China, Germany, France, Great Britain, Japan, Russia and the USA;
 - stays or trips in countries or regions for which the Swiss Federal Department for Foreign Affairs (EDA) had already issued a travel warning or partial travel warning (regions) before the commencement of the trip;
 - in connection with a war or civil war if Switzerland is involved as a war-making country or if the acts of war are taking place on Swiss territory.

- 9.16. dangerous acts by which a person knowingly exposes himself to a particularly great danger;

K Personal liability

I. Area of validity

The insurance applies to a **trip** during the period of insurance and in the area of travel as stated in your policy.

II. Insurance benefits

1. Insurance cover

The insurance cover includes:

- 1.1. investigating liability;
- 1.2. defending unfounded claims for damages;
- 1.3. indemnifying the Policyholder against justified liability for damages.

Liability for damages is justified if you or the other insured person is obliged to provide compensation on the basis of statute, a court judgment, admission or settlement and we are bound by this. We shall only be bound by admissions made and settlements reached by you without our consent if there would have been a claim even without such admission or settlement.

If you are found to be liable for damages and the decision is binding on us, we must indemnify you against the third party claim within a period of two weeks;

- 1.4. defence counsel's costs in accordance with the fee scale or greater if expressly agreed with us for the appointment of defence counsel as desired or approved by us for you or the other insured persons in a criminal prosecution due to an insured event which may result in a liability claim for which insurance cover exists;
- 1.5. the provision of a security or bond for you if you have a statutory obligation to provide security for an annuity owing as the result of an insured event, or if the enforcement of a court ruling against the insured person can be prevented by providing a security or a bond;
- 1.6. the conduct of litigation in your name should an insured event result in litigation regarding the claim between you or other insured persons and the claimant or the latter's successor in title.
- 1.7. The costs of the litigation shall be met by us.

2. Amount of benefits

Maximum limit per loss event:

- 2.1. Our provision of indemnity is limited to the agreed insured sums for each insured event. This also applies if the insurance cover extends to several parties liable to pay compensation. Several losses arising at the same time and from the same cause are treated as one loss event. The total amount of benefit for all insured events in one insurance year is limited to twice the agreed insured sum.
- 2.2. The expenditure for costs in accordance with Clause 1.5. shall not be deducted from the insured sum as benefits unless the litigation takes place in the United States of America (USA) or Canada. If the justified liability claims arising from an insured event exceed the insured sum, we shall bear the court costs in the ratio of the insured sum to the total amount of such claims. In such cases, we are entitled to discharge ourselves from providing further benefits by paying the insured sum and a portion of the hitherto incurred costs corresponding to the insured amount.
- 2.3. If you as an insured person are obliged to pay an annuity to the claimant and if the cash value of the annuity exceeds the insured sum or the remaining amount of the insured sum after the deduction of any other benefits arising from the same insured event, then the annuity to be paid shall only be refunded in the ratio of the insured sum or the remaining amount thereof to the cash value of the annuity. When calculating the proportional value, the cash value of the annuity and the amount of cover shall be determined in accordance with the declaration in the form of a business plan made to the responsible regulatory authority relating to this matter.

3. Maximum benefit for damage to rented property

For insurance benefits resulting from damage to rented property in accordance with Clause 3.7, the payment of compensation shall be limited to the sum specified in the insurance contract per insured event and per insurance year. The total amount of benefit for all insured events in one insurance year is limited to twice the agreed insured sum.

4. Limit to additional costs attributable to you

If the settlement of a liability claim by acknowledgement, satisfaction or settlement requested by us fails due to your conduct, then we shall not be obliged to pay any additional expenses for compensation, interest and costs accruing from the time of the insured person's refusal.

5. Other liability insurance policies

In accordance with Part I Clause 7, any other existing insurance cover shall take precedence over this Travel Personal Liability Insurance.

6. Excess

The excess is CHF 50.

III. Insured events

Insurance cover exists for circumstances in which a claim for compensation is made against you or other insured persons by a third party under private law statutory liability provisions because of a loss event occurring during the validity of the insurance contract which results in:

- the death, injury or damage to health of people (personal injury); or –
- the damage or destruction of goods (property damage).

7. Insured risks

Within the scope of the following provisions, the insurance cover extends to the statutory liability of the insured person as a private individual on insured trips abroad. Insured risks of everyday life are activities, particularly

8.1. Professional and other activities

The risks of a business, profession, service or office (including honorary office), responsible work in any kind of association or an unusual or dangerous occupation are excluded.

8.2. Motor vehicles, aircraft and watercraft

However, insurance cover exists for liability for losses caused by the use of:

8.2.1. model aircraft, unmanned balloons and kites:

- which are not powered by engines or propellants;
- the total flying weight of which does not exceed 5 kg; and

This extension does not apply to every kind of drone;
